

Home

I have been Headteacher here since January 2014 and it is a privilege to lead a community where outstanding personal relationships are the key to success.

All the girls here excel in all areas and it is a special place. Our broad and vibrant curriculum offers girls opportunities to gain the vital qualifications and personal skills they need to achieve an exciting and rewarding future, as well as allowing them to fulfil their hopes and ambitions. I would like to welcome you to our website and I hope that you will be able to find all the information that you need, and that it gives you a flavour of what is happening at the school.
